“Decides that the forum, under the auspices of the Economic and Social Council, shall conduct regular reviews, starting in 2016, on the follow-up and implementation of sustainable development commitments and objectives, including those related to the means of implementation, within the context of the post-2015 development agenda,

and further decides that those reviews:
Resolution 67/290, July 2013

(b) Shall be *State-led*, involving ministerial and other relevant high-level participants;

(c) Shall provide a *platform for partnerships*, including through the *participation of major groups and other relevant stakeholders*;

(d) Shall *replace* the *national voluntary presentations* held in the context of the ... [AMR], building upon (...) experiences and lessons learned in this context”
On Regional Review:

UNSG Ban Ki-Moon on G7-Summit Elmau, Germany

“As G7 countries gather in Upper Bavaria, they should uphold their political and moral responsibility to lead. Not by imposing a set of policies for the world to follow, but by demonstrating that it is politically possible and economically viable to chart a new way towards a better, more sustainable future for people and the planet.”
