

# How can SDGs monitoring, accountability and review influence National SD strategies ? Belgian case

# Content

1. Setting the scene
2. Potential impact of SDGs on our strategies
  1. Renewal of Political commitments
  2. Update or improvement of governance framework
3. Concluding remarks

# 1. Setting the scene : Belgium, a complex institutional framework

## 2. Potential Impacts of SDGs on our SD strategies

### 2.1. Translations of political commitments through

- Update of **SD Strategies** : plans, indicators, monitoring, accountability and reviewing processes
- Contribution to SDGs from **all ministries** through their policies
- Opportunity to focus on **strategic** issues (SDGs and policies) without losing operational ones

## 2. Potential Impacts of SDGs on our SD strategies

### 2.2. Update or improvement of governance framework

- Existing structures are well functioning (coordination, monitoring, evaluation)
  - Clarifying some reporting processes
- Link with other interdepartmental structures to foster coherence
- Update concerning Accountability
  - Broadening
  - Deepening

## 4. Concluding remarks

- Renewal of political commitments translated in SD strategies and other thematic policies
  - Update and broadening of existing structure and reporting mechanisms to meet the ambitions and the large scope of SDGs
- > SDGs Monitoring and Review will strengthen the need for cooperation, coordination and participatory mechanisms
